

Printgen C-0912

1) Summary

Printgen C-0912 is a softening agent for water based pigment printing on various kinds of fabric. Adding 2-5% into a printing paste prepared for Auto Screen, Rotary Screen, Roller or hand print, it drastically softens the print result.

Printgen C-0912 is Eco, Safe type product, and it is free of APEOs, Phthalates, OrganoTin Compounds and any other regulated substances.

2) Nature

Printgen C-0912	
Appearance	White paste
Viscosity	40,000 ± 10,000 mPa · s
pH	7.0 ± 0.5
Specific Gravity	0.95 ± 0.05

3) Usage

- Mix 2-5 % into printing paste, and mix well by machine.

4) N.B.

- ① For better washing & c rocking fastness, addition of Fixer F / Fixer N into the recipe at the same time is recommended. (After mixing Fixer F into the printing paste, use it up within 12 hours.)
- ② Storage : Keep sealed after each use, avoid the direct exposure to Sunlight and stored in cool & dark place.
- ③ Printgen C-912 is only suitable for printing pastes, but not dyeing processes.
- ④ Printgen C-912 does contain Mineral Spirit.
- ⑤ Printgen C-0912 is free of APEOs, Phthalates, OrganoTin Compounds and any other regulated substances.
